- Introduction to Web Development II by Google [🔗](#)
- B2 English Certification [🔗](#)
- Letter of recommendation Hackify [🔗](#)
- Certificate of participation Developer Land [🔗](#)
- Certified in Websites Development and Mobile Applications [🔗](#) including modules:
 - Server Administrator [🔗](#)
 - Object Oriented Programmer [🔗](#)
 - Mobile Application Developer [🔗](#)
 - Front-end Developer [🔗](#)
 - Back-end Developer [🔗](#)

Programming Languages

C/C++	4 years
Javascript	2 years
Java	2 years
Python	1 year
Dart	6 months

Projects

High School Thesis Project

Model-based tool for students. Developed by a team of 5. Responsible for designing and implementing in Android Studio. It was dedicated to students. It worked like personal notes handle by voice and text.

Test Evaluator Project

Tool for teachers. I was the responsible for designing and implementing of the project. It was developed with React js, HTML 5 and CSS. It works like a test evaluator where you can add true & false questions and fill in blank questions.

For a complete list of my projects please visit my portfolio [🔗](#)

Technologies I know

HTML, CSS, SASS, ReactJS, Redux, NodeJS, MongoDB, PostgreSQL, MySQL, Flutter, Adobe XD, Photoshop, Dreamweaver.
